CRIMINALS' NEMESIS GREETED

Mayor Mott Extends a Welcome to District Attorneys

Convention Transacts Business Amid Whirl of Pleasure

What the late Mr. Hamlet, in melancholy soliloquy, called the "law's delay," may be said to have characterized the opening session of the annual convention of the district attorneys' association of California this morning in the Blue Room in the Hotel Oakland, there being but 15 of the counties of the state represented when Captain John D. Fredericks, former district attorney of Los Angeles county, called the meeting to order, among the absentees being Franklin Swartz, of San Mateo county, secretary of the organization.

A few minutes later, however, the reluctant lawmakers began struggling in twos and threes, and upon the arrival of Secretary Swartz the business of the session was taken up in earnest. That is to say, the medium of business which was transacted before adjournment was taken until tomorrow morning.

MAYOR'S WELCOME.  
Mayor Mott welcomed the lawmakers to Oakland and extended to them the hospitality of the city. In doing so he took occasion to compliment the members upon the excellent manner in which they are enforcing the law of the state and to compliment the people of California upon having such representative citizens engaged in the enactment of the statutes.

In conclusion he extended to them the freedom of the city and expressed the hope that they would often visit Oakland, both as an organization and in their capacity as private citizens.

Incidentally, the mayor suggested that it is in that latter capacity they can afford of the local statutes during their present visit, he would intercede for them with the chief of police.

MAYOR IS THANKED.  
Captain Fredericks on behalf of the district attorneys for the courtesies extended, including that of immunity from prosecution in case of arrest, and assured him that the members would, while in Oakland, at least, endeavor to keep themselves within the bounds of the law and the high, the low and the middle justice they meet out to others.

Referring to the convening of the 1915 convention of the District Attorneys' Association in Oakland, Captain Fredericks stated that it had been the intention of the organization to do so since the 1911 session.

"We may have given the district attorney's office of Alameda county considerable uneasiness on the subject of our 1915 meeting place," said he, "but as a matter of fact none of us ever really intended to meet elsewhere this year."

Continuing, he said:  
"We are pleased to be here, we are pleased with our reception and we are pleased with Oakland. It is a magnificent city with a magnificent future and deserving of all good that the future may hold; for it is a city of endeavors, of men who accomplish things. In fact a city of virile Californians."

SEEING OAKLAND.  
This afternoon the members of the District Attorneys' Association are "seeing Oakland" under the guidance of District Attorney Hynes and his deputies. A tour of the city by auto is being made and includes in its itinerary a trip to Piedmont.

\$23,500,000  
VALUE OF  
O. T. CO.?

SAN FRANCISCO, Feb. 23.—The hearing on the application of the San Francisco-Oakland Terminal railway to be allowed to issue \$10,000,000 of bonds in order to purchase equipment and settle outstanding obligations resulted this morning in a report from the railroad commission's engineers showing a difference in valuation figures. Last year the corporation requested the bond issue in order that approximately \$6,000,000 might be raised to be used for the construction of a new ferry-boat, the purchase of cars, the payment of emergency notes, and arranging other financial obligations. Prior to considering such an issue the Railroad Commission announced its desire to obtain a valuation of the properties.

This morning Chief Engineer Richard Schaefer reported that, including depreciation charges, the operative and non-operative properties of the San Francisco-Oakland Terminal railway could be reproduced for \$23,523,550.11. Minus depreciation charges, the reproduction cost was placed at \$20,348,714.95. These were segregated as follows: The operative properties, \$19,358,861.70, and the non-operative, \$4,354,072.24, including depreciation charges in both instances.

LAND VALUES DIFFER.  
The discrepancy between these figures and those totaling approximately \$22,000,000, as reported by J. G. White and Gibbs & Hill, the latter firm having been personally retained by P. M. Smith of Oakland to make a valuation of the properties, is said to be due to a

LOSES ESTATE  
BY ILLEGAL  
WEDDING

Neglect on the part of Mrs. Laura Klauke to obtain a final decree of divorce from her first husband before she married the late George Way, last May, today cost her a half share in his large estate, which consists of \$10,000 in cash and considerable realty for which search is being made by the administrator who took her place when she was disqualified by Superior Judge Wells as not being the widow.

George Hornage appeared before Judge Wells and produced evidence this morning that "Mrs. Way" had gone to San Luis Obispo county last August, three months after her marriage and caused to be entered a final decree from her first husband. She then returned to Oakland without mentioning the fact, but Attorney A. L. Erick, who had obtained letters of administration from Mrs. Klauke as being the widow of Way, admitted in court this morning that his client had contracted a bigamous marriage and that not being the widow she was disqualified from acting as administratrix of the estate and as guardian of Way's minor son, Fred B. Way.

In addition to being removed as administratrix, Mrs. Klauke, it developed, will have a refund to the estate approximately \$800, which she has drawn as family allowance.

Hornage was appointed administrator and at once he will commence a search for the hidden fortune of Way, which is believed to consist largely of realty holdings in different parts of the state. The \$10,000 in cash has been turned over to the administrator.

Shortly before his marriage last May, Way inherited \$16,000 from a brother who died in Oregon. In applying for letters of administration Mrs. Klauke, who went by the name of Laura Williams, neglected to mention that the deceased had four sons, instead of only one, Fred B. Way, an incompetent.

Attorney E. E. Reeves, representing Administrator Hornage, stated today that there is about \$7000 belonging to the estate of Way, which has not been accounted for. Efforts are being made to locate the three other sons of Way. One is believed to be in Alaska, and the others are in the Northwest.

Way was formerly a resident of Oregon and has among his distant ancestry native Indians of the Coast territory.

Emergency League Files Official Notice of Move

Hart Law Changes to Protect Homes, Is Issue

Almost a year to the date after the passage of the Hart initiative liquor ordinance, a declaration of intention to invoke the initiative to repeal the Hart ordinance, and substitute an ordinance similar to the council ordinance which established "dry zones" over a year ago, was filed with the city council today.

The ordinance was filed today with a statement of reasons favoring its passage, by E. L. Vander Naillen, 5218 Lawton avenue, representing the Municipal Emergency League, and other organizations.

It will require 102 signatures to the initiative petition to make it mandatory upon the city council to place the ordinance on the ballot at the general municipal election to be held May 11.

Declarations of intention to file a free speech initiative and a referendum on the municipal woodyard site purchase, have already been filed. The signatures to these have not as yet been obtained, but the petitions are being circulated.

The proposed ordinance is an attempt to protect the home and residence districts against the sale of liquor, according to the proponents of the initiative, it is not an attack upon the liquor traffic, but merely an attempt to give the citizens in residential districts a form of local option.

The initiative would involve only thirty-eight saloons in the so-called dry zones. These would not be wiped out summarily, but a simple method of procedure by which a majority of the citizens will be given the opportunity of protesting against objectionable saloons in dry zones if they so desire.

"DRY ZONES" ESTABLISHED.  
The dry zones are identical in most instances with those established by the city council in the liquor ordinance that was passed by the city council over a year ago and subsequently repealed by the passage of the Hart initiative ordinance. The council attempted at that time to

Plan Merger of Oil Companies of State

LOS ANGELES, Feb. 23.—Negotiations to merge the Union Oil Company, the General Petroleum Company, the California Oil Corporation and all or most of the 150 other companies represented in the Independent Oil Producers' Agency are under way here today, according to an article published this afternoon by the Los Angeles Express. If consummated, it will be the greatest financial transaction ever put through on the Pacific Coast, as the authorized capitalization of the three large companies is in excess of \$25,000,000. W. L. Stewart, president of the Union Oil Company, said today, however, that it was not yet certain whether the merger would be effected, although all men generally believe it will.

Such a combination would control vast stretches of producing oil fields in California, together with large systems of pipe lines, refineries and lines of tank steamers.

No Storms Hovering, But—, Says Forecaster

SAN FRANCISCO, Feb. 23.—Although the showers continue to fall, the ground is damp and umbrellas are worn in vogue, there is no storm in this neighborhood. At least this is what the United States weather bureau maintains. There are some unsettled conditions and the barometer refuses to behave, but nevertheless we are free from the disturbing elements which, for three weeks, deluged this section of the state. To be sure, there is a storm in the north, but it is so far away that we should not be receiving any rain here.

A continuation of circumstances, very much against us, however, has caused unsettled weather with showers and this again is the forecast for tonight and tomorrow.

The rain has not extended south of the San Francisco Bay. The latest precipitation is reported from Oakland, where one inch fell. San Francisco, for the 24 hours ending at 5 a. m., received .03.

EIGHT-HOUR LAW FOR WOMEN UPHOLD

U. S. Supreme Court Renders Two Decisions Affecting California.

and various other industries, as well as to hospitals.

In their arguments before the district and circuit courts the defendants showed that the California Supreme Court had upheld the eight-hour law as applying to hotels and that the United States Supreme Court had upheld the eight-hour law for women.

It was contended that the exemption of graduate nurses under the law was unjustified by circumstances because they were not required to be on duty when off duty.

QUESTION OF CHARITY.

The hospital was endowed, they pointed out, with a personal fortune and under terms which provided that there never should be more pay out than free beds. At the time the appeal was taken the hospital had forty beds, and the trustees claimed that if the eight-hour law stood it would be necessary for the institution to maintain three eight-hour shifts of "student nurses," and consequently have to cut down on the free beds.

The law was passed by the Legislature in 1913 and approved by Governor Johnson June 12, 1913.

Miss Nelson, who appears as one of the plaintiffs, was employed at the hospital one-half of the time as a nurse, and the other half as a pharmacist, working nine or ten hours per day.

When the case was appealed to the Supreme Court Louis Brandeis of Boston appeared for the appellants.

S. P. NOT AFFECTED.

LOS ANGELES, Feb. 23.—The decision rendered today by the United States Supreme Court upholding the California law which reserves valuable oil lands from entry in California and Wyoming, will affect half a dozen suits involving millions of dollars worth of oil land in Kern county, which are now on file in the United States district court here. Fifty thousand acres in all are affected by the decision, according to United States officials, but it does not concern the series of suits instituted to oust the Southern Pacific railroad from its holdings in Idaho and Wyoming. As this case involved all the points and principles presented in the cases here, it was made a test. President Taft defined certain areas and withdrew them from entry in September, 1909. Congress passed an act authorizing such withdrawals in June, 1910, but between the first named date and the passage of the enabling act numerous corporations and individuals entered claims in the affected areas.

LEAGUE BEGINS INITIATIVE MOVE

Notice of Hart Law Amendment Plans Filed With Council.

(Continued From Page 1)

A reasonable regulation that would make it possible to gradually eliminate saloons from the residential districts. This was the idea to be the saloon interests, as it would bring about a reduction in the number of saloons. The Hart initiative was the result.

The law now worked for just a year under the Hart ordinance, which was operative February 20, 1914. Some months ago the Gallo saloon, near the newly opened Technical High School, was forced to find a new location, as it was in the prohibited area around the school. Gallo found a location at Fifty-fifth and Telegraph. There was a strong protest, but the council granted the transfer by one vote. Commissioners Anderson and Harcus voting against the transfer.

Residents of the neighborhood were angered at this, and contend that three members of the city council had permitted a saloon to be forced into a residential district. The new ordinance is the result of the agitation at that time by the Gallo transfer to the Telegraph avenue location.

The zones established are the same as in the old city ordinance, with the exception that the boundary of one zone is placed at Jackson instead of at Oak street, and another at Fifth avenue instead of at Third, as in the old council ordinance.

The ordinance also provides that there shall be no transfer, even in a wet zone location that is within a radius of 750 feet of a church, school or library. No transfers will be permitted inside dry zones, or from wet to dry zones.

REASONS FOR CHANGE.

The following set of reasons for the adoption of the initiative was filed with City Clerk Frank Smith, and will go upon the ballot with the ordinance, together with a 200-word statement from the city council in the ordinance, which desires favoring the present city ordinance, the Hart ordinance:

"Statement of reasons for adoption of ordinance.

"It will set off those portions of Oakland now used for residence purposes as a dry zone.

"It will declare that no more retail liquor permits shall be issued for any location within this dry zone.

"It will outline a simple course of procedure by which citizens living near an objectionable saloon in the dry zone may by protest have the license revoked under local option.

"It will provide that on transfer of a retail liquor establishment within the liquor zone no new site shall be allowed which is within a radius of a public school, church or synagogue.

"The foregoing provisions make it possible to protect school children from the menace of saloon so located that drunken men are in daily sight; that boys are drawn into the saloon card room to listen to the music and to learn to drink; to gamble and to loaf; and that girls going to and from school and mothers out marketing are accosted by drunken men."

Submarine Weapon of Offense, Declared

NEW YORK, Feb. 23.—The value of the submarine as a means of offense as well as defense has been demonstrated, in the opinion of Rear Admiral Francis T. Miller, retiring and former chief constructor of the United States navy, who arrived last night on the steamship Rotterdam from a two months' stay in Germany.

Rear Admiral Bowles was a close observer of submarine operations while in Germany and commented on the value of the submarine. He expressed the belief that German vessels disguised as neutral craft and not under-sea bases were utilized to supply submarines with fuel and torpedoes, which he thought explained the ability of the German under-sea fighters to reach the Irish Sea and return to their bases.

MULLINS AND HAVILAND IN CLASH OVER BRIDGE

Supervisor John F. Mullins and County Surveyor Perry A. Haviland this morning, before the meeting of the board of supervisors, participated in a lively tiff over the latter's report on the Bay Farm Island bridge. Haviland declared that extensive repairs at a probable cost of \$5000 should be started at once, and Mullins disagreed, objecting to the cost.

Haviland, asking Mullins if he considered himself competent to judge on the matter, shot technical questions at the supervisor until he was confused and ended the argument by declaring that he would order over Mullins' dissenting vote.

"I have investigated the matter," said Chairman Hayer of the bridge committee, "and I know that the general condition is dangerous. I am sorry that it will cost so much to repair it. It will be about \$5000, but it would cost more to wait and do it later."

"The bridge cannot be used—that is, opened," said Haviland. "There is also a law that compels us to keep that bridge open to navigation."

"I suggested that," said Supervisor Kelley. "We are liable to a fine if we delay. I move we call for bids."

"I oppose it," said Mullins. "I think minor repairs can be made cheaply that would hold us over."

"We have a county engineer who knows his business," said Kelley, "and in twelve years I never saw him err in judgment. There can be no disagreement over his expert testimony."

"Do you consider yourself competent to judge the safety of the bridge?" asked Haviland.

"Yes," said Mullins.

"You have drawn up your figures on it?" asked Haviland.

"No," said Mullins.

"Well," said Haviland, "an engineer does before he talks."

"Yes," said Kelley. "We laymen cannot do engineering. We cannot leave the bridge closed to navigation."

The repairs urged include new plankings, supports, scraping of ironwork and other work.

"Four or five years will see a new bridge," said Haviland. "The situation has been temporized with so long that this is necessary. Unless we act there is going to be a serious accident there some day."

Bids were called over Mullins' dissenting vote.

of Tee-Ne-Gat and "Old Polk," his father.

This information was contained in a telephone message from Bluff to Durango, Colorado, just before midnight, which was the first definite information received since early yesterday.

FIVE OF POSSE ISOLATED.

Five members of the posse—Murray Williams, Frank Wheatland, Roy Moore, Dick Lewis and Roscoe Houston—became detached from the posse when the battle opened, and are isolated in the rimrocks, according to Thomas M. Burke, a member of the posse, who telephoned from Bluff. The men have been without food or water since early Sunday, but are well supplied with ammunition.

Manos Jim, a Tie chief, yesterday counseled the renegades to surrender "to save the squaws and children," but was met with obstinate refusal.

"We will fight until death" was the answer.

The Indian girl who was killed Sunday while running through the line of battle has not been identified. The names of the three Indians killed last night also have not been learned.

Volunteer bands from Graeson and Monticello, Utah, and 25 Navajo police from the Indian agency at Shiprock, N. M., are en route to Bluff. A heavy snowstorm prevails.

TROOPS REPORTED.

A telephone report also stated that troops passed through Abajo, Utah, shortly after noon yesterday. Marshal Nebeker denied that a request for troops had been made.

The trouble arose over the resistance to arrest Tee-Ne-Gat, also known as Everett Hatch, on a charge of murdering Juan Chacon, a sheepherder, March 27, 1914, in Montezuma, Colo.

American Proposals Submitted in Berlin

BERLIN, via London, Feb. 23, 7:15 p. m.—James W. Gerard, the American ambassador to Germany, last evening presented to the foreign office the American note which embodies the American proposals for the settlement of the situation from the British embargo on foodstuffs into Germany and the German warfare against British merchant shipping.

It is understood that proposals were submitted simultaneously in London. No statement regarding the nature of these proposals or the German attitude on them can be obtained here but it is believed that there is at least a prospect of their acceptance by Germany.

## TAUBE FLIGHT ALTERED WAR HISTORY

Striking Details Published of  
Air Scouting Which Turned  
Von Kluck's Column.

BERLIN, Feb. 23.—Details of an aeroplane scouting flight, which made history, have just become known, almost six months after the event took place. The report of the two aviators making the flight turned General von Kluck's column toward the south from its dash on Paris in August, and changed the whole line of battle in the west.

A striking feature was that the course of the flight did not follow orders, but was determined on the initiative of the flyers.

The story of the flight, taken from a German magazine devoted to aeronautics, follows:

It happened on the occasion of our dash on Paris. The inhabitants of the "City of Light" received a daily visit from German aviators. The latter was accustomed to drop a couple of bombs every day, but their visit here was not the object of their program. The chief thing was to keep watch on the movements of the Paris reserve army. This army had marched up with its front toward the east, and one day an aeroplane went up to observe it again.

UNCERTAIN MOVEMENTS NOTED.

The aviators were struck with the uncertain movements of the reserve of a German corps which appeared to be having a trifling conflict with troops further north. Upon their own responsibility the aviators changed their course and flew off to the north. What they saw was well worth closer observation. Then they speeded back to headquarters and announced that a hostile army was marching upon Von Kluck's flank.

Nobody would believe it at first. Cavalry patrols had brought no news to indicate such a movement. But, nevertheless, it was true. The report resulted in the new disposition of the German position in the west and in the confining of the iron cross of the first class upon the pilot and the officer observer.

The two aviators are first lieutenants. They but recently returned from an important flight over Warsaw.

Crew of Twenty-two Saved  
From Mine or Submarine.

Grodno, on the Lyskov road, in which we attacked the Germans.

"The guns of the fortresses were used actively and effectively in the fighting in the Ossowetz district. On the road from Lomza we took Jedwabno after a terrific combat. The enemy took the offensive with considerable force in the Przasnysz region.

"We captured several villages on the road between Racion and Pionsk, taking 500 German prisoners on the left bank of the Vistula.

"Attacks of the enemy on the north bank of the Piltica in the district of Lopuzino were repulsed.

HEAVY AUSTRIAN LOSSES.

"It has been definitely learned that the Austrians suffered very heavy losses north of Zaslavny in Western Galicia on February 17.

"After capturing the heights of Smolinka, east of Lypkow Pass, in the Carpathians, our troops repulsed repeated counter attacks of the Austrians, who reached a point within a few paces of our positions, but were forced back with very heavy losses.

"The Germans delivered four attacks against the height of Myto Kozioruka on the night of February 20, but were driven back. We had carried the hill, which was an important part of the enemy's position.

"We attacked the Austrians south of Stanislaw in Eastern Galicia and drove back two brigades after a combat in which the bayonet sometimes was used. We took here 1500 prisoners, including 20 officers and several machine guns.

REPORT TURK DEFEAT.

A report on the fighting in the Caucasus received from the headquarters of the Russian commander of that region says that on February 21 there were engagements with the Turks in the vicinity of Tchokruk, as a result of which the Turks were driven beyond the river. There was no fighting elsewhere on this date.

War Risk Premiums

By Associated Press.

LONDON, Feb. 23.—The Lloyds underwriters have advanced war risk premiums on trans-Atlantic passages nearly one-half. Coastal risks also have been increased. Lloyds' rates for trans-Atlantic passages is now from 1 1/2 to 2 1/2 per cent.

The government, however, continues to write business at its old rate of 1 1/2 per cent.

## OFFICIAL WAR STATEMENTS

By Associated Press.

LONDON, Feb. 23.—The British semi-weekly report on operations on the continent given out today reads as follows: "The enemy continues to show considerable activity in the neighborhood of Ypres several attacks and counter attacks have occurred. At 3 a. m. on February 21 the enemy exploded an elaborate series of mines which destroyed one of our trenches. A new line was prepared a short distance in the rear and immediately occupied.

"Near Oostveert our infantry, after a successful bombardment, captured a trench of the enemy and blew it up. An attempted attack by the enemy at La Bassee canal was easily repulsed by our artillery.

"South of the River Lys there has been an increase in artillery and rifle fire, in which our troops showed marked superiority. Along the remainder of our front there has been nothing more than artillery duels. The thick weather has retarded the work of aircraft.

GERMANS ISSUE REPORT.

By Associated Press.

BERLIN, Feb. 23, via wireless to London, 3:20 p. m.—The German war office today issued this report:

"In the west—The Calais fortresses were heavily bombarded during the night of February 21-22 with missiles from an airship.

"Yesterday the French again delivered an attack in the Champagne district north of Perthes, but with decreased forces. Each of their advance movements broke down under our fire. At Alilly and Apremont, the French forces were driven back to their positions after having first secured some minor successes.

"In the Vosges the Sattelkopf, to the north of Muehlbach, was taken by storm. Otherwise there has been nothing of importance to report in the west."

"In the East—An advance attempted by the Russians with forces quickly gathered together with Grodno moving in a northwestern direction resulted in failure. The number of cannon taken in the pursuit of the Russians after the battle of the Mlawa Lakes has been increased to over 300 and includes ten pieces of heavy caliber.

"To the northwest of Ossowetz, north of Lomza, and in the vicinity of Przasnysz the fighting continues. On the Vistula, to the east of Plock, the Russians advanced further into the Wyszogrod district.

"In Poland, south of the Vistula, an advance by a Russian division on our position on the Rawka has been repulsed."

PARIS, Feb. 23, via London.—The war office today announced:

"There is nothing of importance to add to last night's communication. West of Lombardie the enemy made reply to deliver two infantry attacks which, coming under our fire, could not be carried home.

"The bombardment of Rheims, reported yesterday evening, was extremely violent. It lasted for a first period of six, followed by a period of five hours. Fifteen hundred shells were dropped in all quarters of the town. What remains of the cathedral was a special target and suffered seriously. The interior of the vaulted roof, which had resisted until now, was burst. About twenty houses were fired and twenty civilians killed.

"To the east of the Argonne, between Malancourt and the Meuse, our battery found a German battery and blew up its ammunition wagons.

Along the remaining part of the front there is nothing to report."

## FOUR MILTONS IN PARADISE LOST

Inharmonious Marital Relations  
of Milton E. Ward Evolve  
Unique Names.

"Paradise Lost," being the situation in the marital difficulties between Wilma Queen Andrews Ward and her youthful husband, who had furnished a pretty cottage for her only to have it abandoned within four months, the setting which was transferred into Superior Judge Donohue's court today, was augmented with four millions.

The unique situation came about when Milton E. Ward appeared as complaining witness with Attorney Milton Schwartz as his counsel.

Then came Milton Vedder and his wife Ethel, who were important witnesses, having lived for years in their little paradise before it was lost.

Milton S. Hamilton appears as attorney of record for the defendant, Mrs. Ward, recently aspirant to the glamor of footlights, who at the last moment backed out from appearing at a local theatrical production at the Macdonough theater.

Taking the stand as the first witness Ward testified that he was employed by a well known Oakland family as chauffeur and that he earned \$100 per month most of which his wife started in at once to dissipate.

Besides furnishing up their little cottage in East Oakland, Ward said that he had set out to make his young wife happy. She is 19 and he said that he is 22. They were married after a year's acquaintance, commenced by a street introduction through a mutual friend and an automobile ride at once.

But shortly after the wedding Ward declared his wife had mortgaged their household furniture and spent the money. Then one day a shipment of well-bound books, "O. Henry," and others, arrived from the East.

According to the husband, Mrs. Ward sidestepped the issue when he asked her about the books and as to who was going to pay for them. Then later an express package came with a watch, valued at \$25.50. She also misrepresented about the timepiece, he declared, but after their separation on January 8, he said that the contents left for the purchase of the books, the watch and the mortgage for the furniture were found by him among his wife's effects.

In addition to all that Ward said that his wife had often told him that she had made a mistake in marrying him; that she did not love him and further, that she had gone to San Francisco New Year's eve with two well-known local young men instead of, as he had told him previously, being in the company of girls exclusively.

Mrs. Ward has not given her side of the story and there are numerous witnesses to tell what they know about the brief Paradise of the young couple.

"Good Thing for Me I Can Get My Spring Suit on CREDIT!"

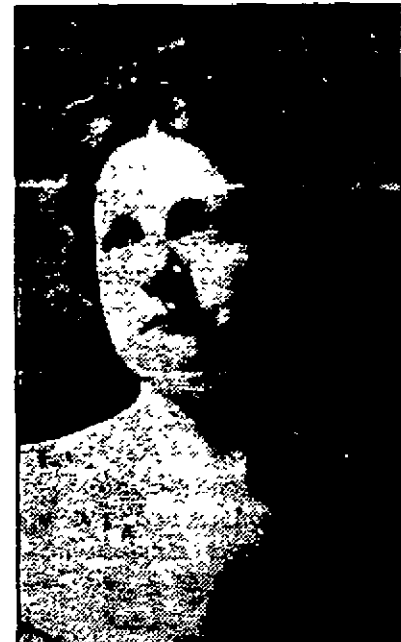

"—at CHERRY'S! Why, the winter fashions actually seemed to pass in the night and I woke up to find I haven't an up-to-date thing in my wardrobe.

"Everybody's wearing quaint short-waisted costumes—suits with wide skirts and adorable little short box coats, some of them with the new 'ripples'! Oh, the Spring Styles are original and effective.

"I guess no girl was ever much nearer 'broken' than I am now. But I'm going to CHERRY'S, the CREDIT STORE, this very day, to buy a new suit. Wondrously intelligent will turn the trick for me with just a small payment down. Cherry's Suits are in Sand colors, Fatty, Pan, new Blues and Checks chiefly. The best materials are Gabardine and Poplin.

"AND CHERRY'S NEW SPRING COATS, TOO, HAVE COME—checks and Covert cloth in all the smart shades. Don't forget the addresses: you'd better take them down—515 Thirteenth street. Their men's store is across the street at 525. Their San Francisco stores are at 1009 Market and 2400 Mission street and sell men's apparel as well.—Adv.

ment and the attendant magnificent view of Oakland and the surrounding country afforded them.

An extended program of entertainment has been formulated for such hours as the convention is not in session, by no means the least enjoyable numbers being the theater party at the Oakland Orpheum and a dance at the Hotel Oakland. Other courtesies planned include a banquet to the delegates by the members of the Alameda County Bar Association, of which M. C. Chapman is president.

Thursday has been set aside for a visit to the Panama-Pacific Exposition, where the members will be the guests of C. M. Fickert, district attorney of the city and county of San Francisco.

#### BUSINESS SESSIONS.

Tomorrow morning at 9.30 o'clock the convention will really get down to business in what promises to be one of the most interesting, and in its influence, far reaching sessions, the District Attorneys' Association of California has ever held. One of the most important subjects that will come up for general discussion is the redraft abatement act as passed by the last legislature. The ramifications of this act are so far reaching and have been given so many interpretations that its full effect has not yet been tested in the courts and pending decision in cases now before the state tribunal, the public prosecutors are endeavoring to obtain a full understanding of the law affecting the various communities they represent. It is believed the discussion of the subject during the convention will result in much enlightenment on obscure and contested points.

Another subject which will come in for much discussion, and which should be of general interest, is the workmen's compensation act. The present and proposed legislation in general will likewise be discussed and will be enlivened by a number of interesting papers by men prominent at the California Bar. Among the latter will be Attorney General U. S. Webb, Robert M. Fitzgerald, president of the State Bar Association, will also address the convention. As a result of the proposed general discussion it is deemed probable that recommendations will be made to the state legislature for action in various matters that will come before that body for passage next month.

#### WELCOME IS GENERAL.

District Attorney Hynes and his corps of deputies are being supplemented in their efforts to make the visit of the district attorneys a pleasurable one by the members of the Alameda County Bar Association and by the people of the city in general. Most of the visiting attorneys have friends in the city other than lawyers and are being entertained by them at social gatherings and the like. Many of the visiting delegates are accompanied by their wives, promising among the latter being Mrs. John D. Fredericks of Los Angeles. The ladies in the party are being extended true Oakland hospitality by the wives of local attorneys and others, and their visit promises to be quite as enjoyable and interesting as that of their lawyer husbands.

#### PRAYER OBSERVANCE.

The International Day of Prayer will be observed by the Women's Home Missionary Society of Oakland, Berkeley and Alameda next Thursday in the new W. C. A. building. The services will last from 1:30 to 3 p. m. and the public is invited. Mrs. May Wright Sewall, president of the International Council of Women, will be the principal speaker of the afternoon. Dr. E. P. Barnett and Rev. Geo. W. White, pastor of the First Methodist Church, will also be among the speakers.

#### COL. MARCHAND PROMOTED.

## J. D. FREDERICKS SUMS UP STATUS

### Private Lawyer, Earning Living by Sweat of Brow, Says Former Candidate.

"I am now a private lawyer, earning my living by the sweat of my brow. When my brow isn't sweaty I'm not earning my living."

It was thus that Captain John D. Fredericks, president of the District Attorneys' Association of California, former district attorney of Los Angeles county, today summed up his present financial and professional status.

"How does the South feel about the approaching senatorial fight for the fight for 'Work' today?" he was asked.

"Well," he replied, "I expect that it will be a close thing. You go most things you go after, I notice, including the Fair."

"Seriously," he continued, "I am not having much attention to politics at this time. Just at present I am nothing but a private lawyer earning my living by the sweat of my brow. When my brow isn't sweaty I'm not earning my living."

"What about Captain and Schmidt?" he was asked.

"Are you to be associated in any way with the prosecution?"

"I have no reason to believe I will be associated in any way with their trial," he replied. "In fact, I am inclined to believe that the present district attorney of Los Angeles county will in person conduct the prosecution."

Following the police, Captain Fredericks viewed the prediction that former Lieutenant Governor Wallace will never wear the senatorial ermine soon to fall from the shoulders of Senator Works.

Then he went upstairs in the Hotel Oakland to open the annual convention of the District Attorneys' Association of California.

## PIONEER EDITOR 'PASSES BEYOND'

Henry J. Hauschildt, Former Publisher of Oakland Journal, Succumbs to Illness.

Following a brief illness Henry J. Hauschildt, pioneer merchant and journalist, and former editor of the Oakland Journal, the official organ of the east bay German colony, passed away at his home in Redwood Canyon. The pioneer publisher had for the past year, on retirement from active business life, made his home on his ranch in Redwood Canyon. He had lived in Oakland for 51 years.

The funeral will be held tomorrow and ceremony and interment will be private.

Henry Hauschildt was one of the best known of Oakland's early journalists, and was also prominent in commercial organizations and the activities of local German societies. He was for many years identified with the shoe business in Oakland.

The deceased is survived by a widow, Minnie, and four daughters, Mrs. J. B. Dwyer of Seattle, Mrs. H. N. Sarn, San Francisco, and Misses Rose and Alina Hauschildt, as well as three sons, Harry, Alvin and Fred Hauschildt.

The funeral services will be held tomorrow from the Grant D. Miller parlors. The deceased was 70 years of age.

## Commission Cannot Demand Files, Verdict

By Associated Press. WASHINGTON, Feb. 23.—The Supreme Court held today that the Interstate Commerce Commission has no authority to inspect correspondence files of the interstate railroads. It sustained the federal district court for Western Kentucky in refusing to compel the Louisville and Nashville railroads to permit commission examiners to inspect its files.

## MERCHANT'S WILL IS CONTESTED BY SON

Contest over the estate of the late William A. Caswell, a spice merchant of San Francisco, was commenced before Superior Judge William S. Wells with the selection of a jury today. The contest was brought by Edison Caswell, a son who claimed that when his father left practically his entire estate to the widow, Jennie Caswell, he had been unduly influenced.

## MARE ISLAND NOTES

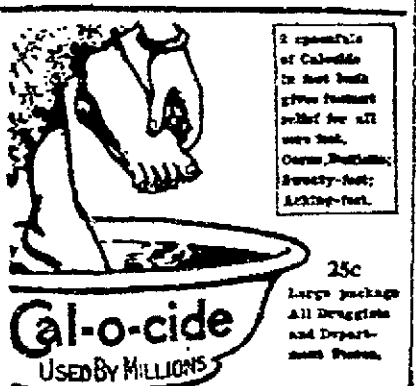

MARE ISLAND, Feb. 21.—The improvement of hydrants in Mare Island straits will be completed about the middle of the month, according to the latest prediction of Superintendent J. H. Peck, who announces that good progress is being made on Commission Rock, despite unfavorable delay.

Now that James Roney has entered his conviction with the Mare Island labor board as recorder the principal topic of discussion at Mare Island is the proposed new Chief Clerk, Pope of the Hotel Oakland. Pope declares that the average business man never writes any more, save to sign his name to checks and letters. The fact that the letterhead bears his name in printed form, according to the clerk, also makes for carelessness in writing, for he says, "A man does not care if his signature can't be read when it is printed there anyhow."

There's one name that reads, "AN HARBOR" to some and "HARBOR" to others. The real name is HARBOR, and the initials O. H. There's another one that he declares looks like "Brown" and is "Brown." There is one that looks like "Shemminiau," but means "Steven" and is "Steven."

## "TIRED BUSINESS MAN'S" CHIROGRAPHY IS WEIRD

That the advent of writing machines and the cheap services of public stenographers is gradually undermining the handwriting of business men until a large proportion of it is illegible, is the declaration of Chief Clerk Pope of the Hotel Oakland. Pope declares that the average business man never writes any more, save to sign his name to checks and letters. The fact that the letterhead bears his name in printed form, according to the clerk, also makes for carelessness in writing, for he says, "A man does not care if his signature can't be read when it is printed there anyhow."

He has samples, too, on the hotel registers.

SAVES CHILDREN  
FROM HOME BLAZE

Fire of Mysterious Origin Terrifies Father Convalescing From Typhoid Fever.

RICHMOND, Feb. 22.—A fire of mysterious origin terrified William Keatley and his two small children, Ralph and William Jr., yesterday, but did comparatively little damage to the home, 518 Nineteenth street.

The father, who had just recently recovered from typhoid fever, was sitting in the kitchen by the fire and near him were his children. The mother was out on a shopping trip. He noticed the flames coming from the bedroom adjoining, and after hurrying his children to safety, sent messengers to the fire alarm box.

An estimate of the damage to the building was made by Fire Chief LeMoin as \$150, while a loss of \$250 on the contents was the report.

RICHMOND, Feb. 22.—For the second time within a week the home of Stanley Wright, 816 Barrett, was entered some time Sunday evening and robbed of jewelry. The second robbery took place some time Sunday evening, and was discovered by the Wright family when they returned from a day's outing. Valuables to the amount of \$200 were reported missing to the police station. Wires to the telephone were cut. The police are working on the clue that the same person who entered the Cushing home affected the second entry to the Wright residence.

FAIR VISITORS HUNTING  
HOMES IN SAN LEANDRO

SAN LEANDRO, Feb. 22.—"We came, we saw, we stayed," is already applicable to many visitors to the Fair, who, captivated by the attractions of the bay cities, have decided to make their homes here. This country with its sunshine and flowers looks good to visiting families who, coming out to the Fair, are now hunting for homes here. Mrs. A. Joel of Chicago, Ill., was guest of Mrs. W. D. Scott of this city recently. Mrs. Brandt has come out for the Exposition and her husband, who is a prominent businessman of Chicago, has asked her to look over the country with a view of purchasing a home. San Leandro would make a good city, according to the opinion of Mrs. Brandt.

Dr. W. Charles of San Diego, who is a visitor at the home of Miss Bartlett of Washington avenue, wants to move to this district from the South. He is a well-known physician in San Diego. Other inquiries have been made by visitors in regard to a suitable house in this district and there is a prospect of a large number of Easterners and others making their homes here.

MALE THESPIANS DODGE  
TAKING PART IN PLAY

SAN LEANDRO, Feb. 22.—As champagne is to soda water, so is "On the Train to Reno" as a play for snip and spice compared with "The Old Maid's Convention." Men would walk miles to see the train acts but the trouble is when it comes to getting them to take part in the play they back out. San Leandro women who are getting up an entertainment company.

Thus it is that an S. O. S. call "Help wanted—eight men experienced in dramatics to appear in 'On the Train to Reno,' has been sent out. So far it has not been answered and the women are in a sea of trouble. But they are determined to stick by the ship and to stage the play of their choice, even though they may act the male parts themselves.

The choice of the play committee lay between "The Old Maid's Convention" and "On the Train to Reno." The old maid skit presented fewer obstacles in the raising of a cast, but when it came to rounding up men to take the parts in the "Train to Reno" play the committee confessed they were nonplussed. The problem will be discussed at a meeting Wednesday afternoon of the St. Mark's Episcopal Guild, which is arranging the play to be given in the near future.

LURED TO RESORT,  
WOMAN BEATEN

Police Rescue Her and Arrest Lodger in Place for Attack.

SAN FRANCISCO, Feb. 22.—Lured to a waterfront resort by an advertisement inserted in a newspaper asking for a house-keeper, Mrs. Agnes Knipe of 308 Valencia street was beaten and assaulted this morning and taken in a dazed and hysterical condition to the harbor emergency hospital. An immediate investigation made by the harbor police resulted in the arrest of Thomas McLaughlin, a hack driver, who was charged with attempted felonious assault and mayhem. Mrs. Knipe was in such a terrified state that she was scarcely able to describe her experience.

"I answered an ad. at 263 Stewart street, and took Patrolman 1196. I went there and found it was a lodging house. There was a door leading into a saloon adjoining, and as I couldn't find anybody about I knocked on it. A man came out and said he was the manager and asked me to come upstairs. When I reached the landing, he dragged me in a room and attacked me."

Mrs. Knipe bore evidences of a terrific struggle. Her assailant had torn her coat and slashed her waist. Screaming and frantic she rushed to the street, where she found Police-man 1196. The officer was unable to leave her and look for her assailant immediately, so he took her first to the hospital. There he was joined by Patrolman Morton and Sergeant Burns. They went to the Stewart-street house and arrested McLaughlin. Mrs. Knipe, after treatment by Dr. Fleissner, was taken home.

## J. C. WILSON CO.

## AGAIN ON TRIAL

Brokers Face New Accusations Growing Out of Baker Defalcation.

SAN FRANCISCO, Feb. 22.—J. C. Wilson, clubman and capitalist, and his partner, B. A. Wilbrand, of the J. C. Wilson company, recently acquitted of embezzlement in the Superior Court, were placed on trial this morning before Federal Judge Maurice Dooling. Together with one of their employees, Peter Burke, who was one of the witnesses against them two weeks ago, they are charged with conspiracy to abstract funds from a national bank. The accusation grows out of the defalcations of the Cocker of Oakland, assistant cashier of the Cocker National Bank, now serving a term of ten years in San Quentin. He is alleged to have misappropriated approximately \$165,000. Of this sum \$71,000, it is declared, was used for the purchase of securities through the J. C. Wilson company.

Wilson and Wilbrand were represented today by Attorney W. H. Melson and Attorney Gilbert Boalt appeared for Burke. An effort was made to have Wilson and Wilbrand tried separately from Burke on the ground that he had been a witness against them, but the court would not consent.

U. S. Attorney John W. Preston prosecuted the case in person and the work of appearing in a jury was begun this morning. It is believed that Baker will be brought over from the penitentiary to testify.

RAIN ENDANGERED BLOSSOMS. HAYWARD, Feb. 22.—Recurrence of heavy rains after this may play havoc in the orchards, say local orchardists. With the prospects bright, average crops of apricots, cherries and other fruit are expected here.

### DRINK HOT TEA FOR BAD COLD

Get a small package of Hamburg Breast Tea, or, as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advt.

### WELL MEANING CITIZEN NEARLY FOILS ARREST

SAN FRANCISCO, Feb. 23.—The efforts of Detective Charles Gallatin to capture an alleged pickpocket at the Fillmore-street entrance to the Panama-Pacific Exposition this morning, were almost frustrated by a well-meaning citizen who thought he was separating the participants of a brawl. The prompt arrival of Detective O'Connell, however, saved the day, and two men, John Ballard and Thomas Lewis, whom the police say are well-known eastern operators were taken into custody and placed in detention.

The detectives were on a Fillmore-street car when they saw two men steal a watch. They jumped off and pursued. Gallatin grabbed one and O'Connell came up, having collared his prisoner and explanations followed.

On the person of one of the suspects a gold watch was found which the police are anxious to identify.

### FLEET-FOOTED OFFICER CAPTURES TWO ROBBERS

SAN FRANCISCO, Feb. 23.—Patrolman Martin Fogarty has just been imported to the Central station from the fog belt. That region is one of magnificent distances. Wherefore Fogarty is fleet of foot. The wisdom of his promotion to the hurry and bustle of headquarters is indicated by the fact that his sprinting abilities resulted in the capture of two alleged robbers this morning. They are Cecil Hurley and Charles Wilson, both booked at the city prison for robbery.

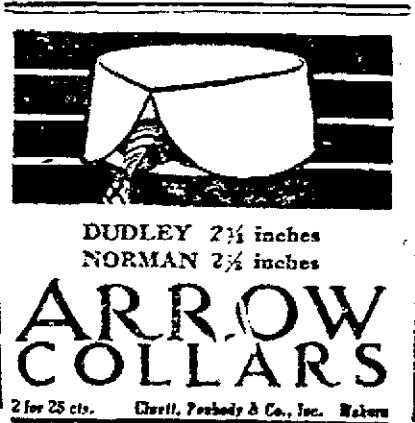

Frank Harman of 367 Bush street sat down in Union Square and two strangers seized him, took his watch and 75 cents and ran. He ran too, and told Fogarty, and that officer pursued the fugitives and arrested them. They denied the theft.

"If you will give me my watch back I won't prosecute you," said Harman. The pair led him to where they thought they had thrown it in the park but it could not be found and Fogarty hauled them off to jail.

By Associated Press.

WASHINGTON, Feb. 23.—Conviction of the Joplin Mercantile Company and Joseph Miller of Joplin, Mo., of conspiracy to introduce intoxicating liquors into the Indian country by shipping from Joplin to Tulsa, Okla., was upheld today by the Supreme Court. The court held, however, the act of Congress against introducing liquor into the Indian country was not enforceable as to intra-state traffic, at least so long as local option continued by state law.

### PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydro-chloric acid in the stomach, which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like cabbage sours in a can, forming acid fluids and gases, which inflame the stomach like a top balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent, and furthermore, to continue this for a week. While relief follows the first dose, it is important to continue the remedy, remove the accumulating mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad's Salts is inexpensive and is made from the salt of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advt.

### ACCUSED MAN IS SUICIDE.

By Associated Press.

WASHINGTON, Feb. 23.—A man, who was a farmer, aged 43, shot himself in his barn yesterday morning, after being released on \$10,000 bond from the Federal prison at Leavenworth, Kan., for the slaying of P. A. Latham, a gambler. Spies met Latham on the road January 7 last and they quarreled, according to Spies' story. Latham, he said, drew a gun and in self-defense he was forced to shoot him.

IN WIFE'S  
WAY; DIES  
A SUICIDESan Franciscan Refuses  
to Hamper Ambition  
of Spouse"Failure Is My Middle  
Name," His Last  
Message.

SAN FRANCISCO, Feb. 22.—Leaving letters crammed with epigrams and pronouncing upon himself a sentence of failure in his journey down life's pathway, Mark E. Smith, a marine engineer of 2618 McAllister street, killed himself this morning in order that he might no longer stand in the way of his wife's ambition.

Declaring that the woman he married was too good for him, and that her love and her loyalty and her unswerving devotion were wasted upon a failure and a man who could never be anything else, Smith wrote pitifully to her and after sealing his letter lay down to die. He turned on the gas grate and both jets on the light fixture and was found during this morning by Mrs. E. A. Baker, his mother-in-law. Several hours after he succumbed at the Central Emergency Hospital. His wife, Mrs. Florence Smith, is at present in Los Angeles.

"Failure is my middle name. It follows me everywhere. I would never have had anything unless some one wished it on me. I have lost almost every real friend I ever had. The words 'incapable' and 'failure' continue staring me in the face. I am incapable of getting a position really worth while and incapable of filling it if I could get it."

These are some of the brief sentences of letters left to his wife and his cousin, Edith, to both of whom he writes at great length. Beginning his letter to his wife, he says: "My own dearest Florence, I hardly know what I am going to say to you, Florence, or how I am going to say it, but I must get through it somehow. To begin with, as we have often agreed, our marriage was a mistake from the beginning, but I don't hold that at all against you. You have done your part, and done it nobly, and to me you have been the dearest, sweetest wife, with your love coming before everything else."

"I alone have been to blame for any discrepancies. I couldn't even support you in the first place. With me you never have had anything, nor would I have had unless some one wished it upon me."

"And to think of you going through life, and never being anyone or having anything more than a bare existence from day to day when I know the ambitions and desires you have, and how you have hoped, somehow, they could be fulfilled, at least in part. I, on the other hand, knowing that to go on always with me dangling you down, sweetheart, it has been terrible."

"I am sure you will understand, and if I am doing wrong, may God forgive me. I want you to start over again, free and unhampered, and I am sure you will succeed in making life worth living."

"Failure is my middle name. It follows me everywhere. I have lost almost every real friend I have ever had, and going on with my disposition and the words 'incapable' and 'failure' continually staring me in the face—I can't do it. It is not worth the struggle."

He leaves his wife \$2000 life insurance, requests to be buried in Cypress Lawn Cemetery and to have the body of his mother and father removed from the Odd Fellows' Cemetery and placed on either side of him.

In his letter to his cousin Edith he indicates that she had ended his marriage which occurred two years ago and endorses his wife.

He concludes by saying that his wife was innocent as a newborn babe of any knowledge of his suicide.

"She is in Los Angeles hoping and planning how we can be together again," he wrote, "and of all the women in the world I would still choose her."

Smith was 26 years old.

There are smiles and smiles. And miles of smiles. There are official smiles and those that mean more than diplomacy.

The Panama-Pacific Exposition, since it opened Saturday, has

brought out as many smiles as dollars.

Here are several inches of them: Secretary of the Interior Lane's is pictured first; imported from Washington, and a genial one.

Following it may be seen the hearty grins of Prince Horatio Anasagasti, commissioner-general

from Argentine Republic, and after that Mayor Rolph's faintly smiling countenance.

Continue and you'll find Governor Johnson smiling all over his happy and progressive face.

Lastly, President Moore of the Exposition, who has something worth while to smile about.

Senators May Oppose  
Trade Board Nominees

By Associated Press.  
WASHINGTON, Feb. 23.—President Wilson's nominees for membership on the new Federal trade commission were up for consideration at a meeting today of the senate interstate commerce committee. Senator Newlands, chairman of the committee, has announced his intention of calling the committee together to act on the nominations.

Prospects of opposition on the part of Republican senators to some of the nominees may prevent their confirmation during the present session of Congress. The opposition is based upon the fact that no regular Republicans were named.

The members of the commission named by the President are: Joseph E. Davies, Democrat, of Madison, Wis., now corporation commissioner, to serve seven years.

Edward N. Hurley, Democrat, of Chicago, Ill., six years.

William J. Harris, Democrat, of Cedarville, Ga., five years.

Will H. Barry, Progressive Republican, of Seattle, four years.

George Rublee, Progressive, of Cornish, N. H., three years.

President Wilson met rumblings of a Senate fight on his nominations today by the announcement that he intended to stand by them.

W. H. Parry of Seattle, the president said, had been appointed as a Republican. Parry hitherto was described as a Progressive Republican.

International Peace  
Police Is Hague Plan

By Associated Press.

He declared that such a conference held in Washington under the leadership of the United States would have considerable weight with the warring nations.

Professor J. Russell Smith of the University of Pennsylvania urged an offensive and defensive alliance to crush the first nation disturbing the world peace.

Edward D. Mead of Boston, director of the World's Peace Foundation, also spoke.

By Associated Press.

GIRLS VANISH  
AND BAFLE  
POLICEMystery Surrounds Dis-  
appearances of Two Young  
Women Separately.

The strange disappearance of two girls in Oakland during the last twenty-four hours is being investigated by the police. One of the young women, Miss Julia Wilde, a pretty Russian girl who has just recovered from a long illness, left the home of friends in Oakland yesterday morning to go to Berkeley and dropped mysteriously from sight. The other, Gertrude Boyd, 16 years of age, a pretty blonde from Concord, Contra Costa county, came to Oakland and is being sought by her father, Joseph Boyd.

Boyd told the police that his daughter had left home without any explanation and without provocation of any kind. He believes she may have been induced to come to Oakland by a letter or through some other means. He is at a loss to explain why she should have left home and is under the fear that she may have been lured away and may have fallen into the hands of designing persons.

## DISAPPEARANCE STRANGE.

Miss Wilde has been a guest at the home of Mrs. J. C. Corp. 368 One Hundred and Fifth avenue, Oakland. She has brooded over an illness and apparently feared she would never recover. A short time ago she showed signs of convalescence and rapidly returned to normal health. She was overjoyed at regaining her health and a few days ago she was able to accept work in the home of W. S. Andrews, an attorney, 257 Fulton street, Berkeley. The girl left the home of Mrs. Corp. to go to Berkeley yesterday morning but failed to arrive.

Her uncle, Michael Ots of Berkeley, began the search in the bay cities last night. Ots informed the police that his niece had been the victim of an unhappy love affair and that he feared that brooding over this may have caused her to attempt suicide.

Miss Wilde is described as a blonde with blue eyes and fair hair. She is 5 feet 4 inches in height, weighed 140 pounds, and when last seen wore a brown and white checked coat, blue hat with white feather and a blue tailored suit.

THE OTHER CASE.  
Gertrude Boyd left her home in Concord yesterday morning and purchased a ticket for Oakland over the Oakland, Antioch and Eastern railway. She left the house secretly.

By Associated Press.  
NACO, Ariz., Feb. 23.—Americans who recently opened saloons and a dance hall in Naco, Sonora, were fugitives today on the American side, having fled before a band of Maytorena soldiers who terrorized the town last night, looting the liquor establishments of the most costly stocks and then "shooting them up." The firing continued until morning. During the excitement, the armed police of the town went into hiding. No one was killed.

Judge Dayton Denies  
Charges on Stand

By Associated Press.  
WASHINGTON, Feb. 23.—Hearings on charges against Federal Judge A. G. Dayton of West Virginia continued today before the House judiciary subcommittee with the judge on the stand being cross-examined. He denied numerous minor charges that he had failed to enforce the law and that he was "temperamentally unfit" for the bench.

"I do not think I would be human," he said, "if I had not had tilts and disagreements with attorneys. More than three-fourths of the lawyers in the district over which I preside have sent resolutions to this committee expressing faith in my integrity."

Questioned about the resignation of his predecessor, Judge Jackson, and his own appointment, Dayton testified that a year before he was appointed, President Roosevelt had told him that he would give him a place on the Federal bench "in spite of Senators or anyone else."

Tariff for Revenue  
Levied by Panama

By Associated Press.  
PANAMA, Feb. 23.—The National Assembly yesterday passed a measure providing for the increase of import duties on all articles brought into the country to 20 and 25 per cent ad valorem. This modifies the agreement made with the Tait administration, which stipulated 15 per cent ad valorem. The new measure therefore is subject to the approval of the United States.

The increase in duties was voted in an effort to improve the finances of the republic, there being a deficit in the budget for the next two years.

after packing some of her belongings in a small tan suit case. The girl had been happy in her home life and the father is frantic with a fear that some mischance has befallen her. She had but few friends in Oakland and last night the father visited them in a vain effort to find his daughter.

The girl is described as of medium height, weighing 120 pounds, has fair complexion with blue eyes and very fair hair. She had a dimple in her chin and when she smiled dimples showed in each cheek.

She wore a rough brown coat and a hat with a large brown plume.

TELEPHONE IS  
GUIDE FOR  
BURGLARTraces Woman's Movements  
by Calling House; Steals  
Jewels.

ALAMEDA, Feb. 23.—Jewelry to the value of several hundred dollars and coin to the amount of \$40 was stolen last evening from the home of Mrs. A. B. Jacobs at 1317 Bay street. Entrance was gained to the house by forcing a rear window with a chair. The family was away at the time and burglar work unobserved.

The thief drew down all the blinds in the house and methodically ransacked every room in the dwelling. Nothing was left unmolested, the burglar examining all articles for the house before passing them by.

Mrs. Jacobs returned home about 9:15 o'clock and found the house in a topsy-turvy condition. She summoned the police and Detective Geo. H. Brown was detailed on the case.

An inventory was made and it was found that the following articles were missing:

Solitaire ring, Tiffany setting, \$100.  
Gold ring, set with small diamonds and sapphires.  
Gold ring, set with two pearls and two diamonds.  
Gold breast pin, floral design, set with small diamonds.

\$25 in cash and \$15 in greenbacks.

Mrs. Jacobs told the police that on several occasions in the past week a man has called the home by telephone and when the ring was answered, he would excuse himself and say that he had the wrong number.

The police believe that this is the ruse used by the burglar to ascertain if persons are home or not.

By Associated Press.

Chessman's motorcycle, which was lying in a ditch on the side of the upper Stockton road last night, brought assistance to its owner, who sustained a fractured skull in a fall from the machine. The noise attracted the attention of a nearby rancher, who went to investigate and found Chessman unconscious on the road. A card in his pocket showed that he had worked for the California Fruit Association, 130 Market street, San Francisco. He is not expected to live.

IF THERE  
IS  
No Music in Your Home

The tremendous success of the venture which the manufacturers made when they took over other Big Eilers Stores has led them to enlarge the circle of their activities and take over the Oakland Eilers Store as well.

Their understanding with us is this: We are to buy three Pianos from them for every two that they sell.

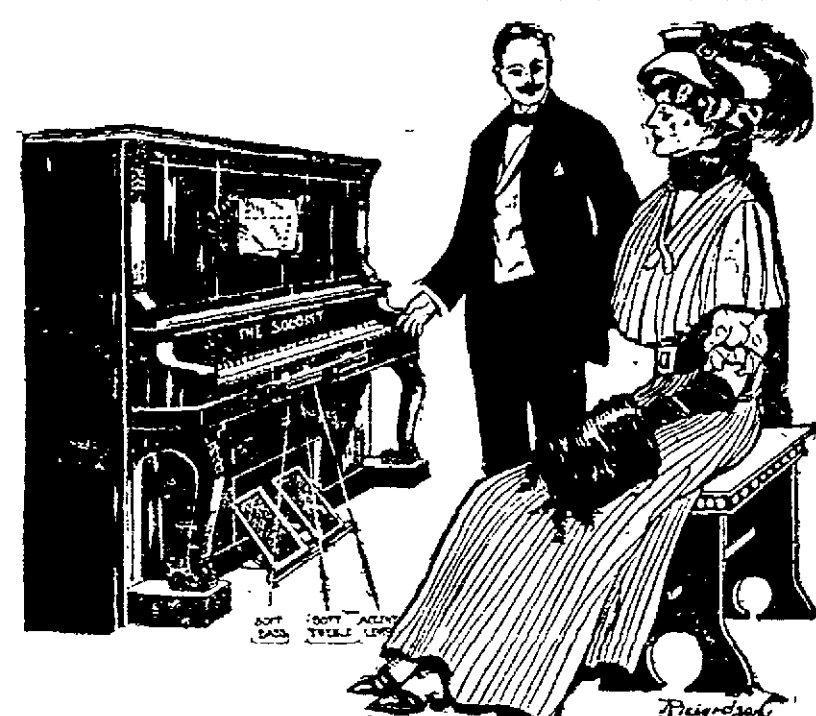

They are to do the same thing here that they have done in the other Eilers

Stores. They are to pay advertising bills, overhead expense, salaries and every other item of cost connected with running a big store like this.

Now with such a bait as an

Eilers order for three Pianos for every two that they sell on this plan, is it any wonder that these big Piano manufacturers are cutting prices in the most sensational way that Oakland has ever seen.

\$257  
Reduction  
on Every New  
Player-Piano

\$238  
Reduction  
on Every New  
Grand Piano

The true musician is seldom satisfied with any except a Grand, or Baby Grand, Piano. And here is a musician's opportunity to obtain such an instrument, a Chickering, Sohmer, Weber, Steger, Decker, or Brambach, or any one of a dozen makes, at a price that would be absolutely out of the question were it not for the fact that the manufacturers are so thoroughly determined to sell every piano in our store.

## You Can Save \$198 Today on a New Piano

There are scores of Uprights to select from, brand new, every one offered this uniform saving of \$198. And then there are used Pianos, which we have taken in exchange for our New Eilers Bungalow Player-Piano, and the Eilers Deluxe Player-Piano which the manufacturers are offering at give-away prices. There are old style Pianos that

you can buy for as little as \$35. They are playable, their tone is fair, they will make excellent practice instruments. There are late upright styles, very slightly used for \$88, \$112, \$137, \$148, etc. No matter what price, no matter how little you wish to pay for a Piano, this store under the manufacturers' ruling, is in a position to furnish it to you.

Every Piano 30 Days' Approval  
Sent You on

It is part and parcel of the Eilers policy to make sure that every piano sold is exactly as represented, and is absolutely satisfactory. In order to make assurance doubly sure we adopt the policy of sending pianos to you on thirty days' free trial. There is no obligation to you in this—the plan merely protects us and insures us against the possibility of having a dissatisfied customer.

## SHINTO MYSTERIES OPEN TO MAID TO AID JAPAN DEDICATE RARE HONOR PAID TO HER BY NATIONS

MISS JOSEPHINE MOORE, DAUGHTER OF EXPOSITION PRESIDENT, WHO WILL PARTICIPATE IN JAPANESE DEDICATION TOMORROW.

Although it is one of the strict rules of Shintoism, the inherent religion of Japan, that no outsiders shall be permitted to participate in the religious ceremonies, an exception will be made tomorrow when Miss Josephine Moore, the 17-year-old daughter of President C. C. Moore of the Panama-Pacific International Exposition, will be permitted to take an important part in the dedication ceremonies.

After the Shinto priest, especially brought to San Francisco for the occasion, has said the invoking prayers, asking the god to dwell within the Japanese buildings at the exposition and driving out the evil spirits, Miss Moore will turn a lever which will start the waters in the fountains, lakes and falls, of which there are many in the Japanese gardens.

This procedure will be emblematic of the rite of purification. According to the Japanese belief, every building must be purified before it is inhabitable and the ceremony of purification is one of the most sacred and important of the race.

President Moore, in accordance with his established custom, was at first reluctant to let his daughter, who is still attending school, participate, but when the Imperial commissioners who waited upon him pointed out what a high honor the invitation was considered by all Japanese, he relented and gave his consent.

**PICTURESQUE EVENTS.**

Japanese Dedication Day will be one of the most interesting of the entire exposition. All the Oriental splendor and display at the disposal of the Japanese will be brought out and in addition to the ancient ceremonies there will be parades, pageants, pyrotechnics and music.

Hon. Haruki Yamawaki and Admiral Baron Kotokichi Uru will represent the Mikado.

Tomorrow will be the big day of Japan. With quaint ceremonies, the elaborate buildings will be thrown open. His Japanese officials will welcome the world to the novel exhibits of their nation, and all other activities at the Exposition will give way to the Japanese celebration. It will be Japan Day solely, and California will help.

The official ceremonies of the dedication will be held in Festival Hall at 1:15 o'clock. The Japanese will assemble in native costume and many notables will be present. Among the speakers will be Governor Johnson, Mayor Rolph, President Moore, Right Rev. Bishop E. J. Hanna, Commissioner-General Yamawaki, Baron Uru, Consul-General Yasutaro Numan and Rev. C. F. Aked.

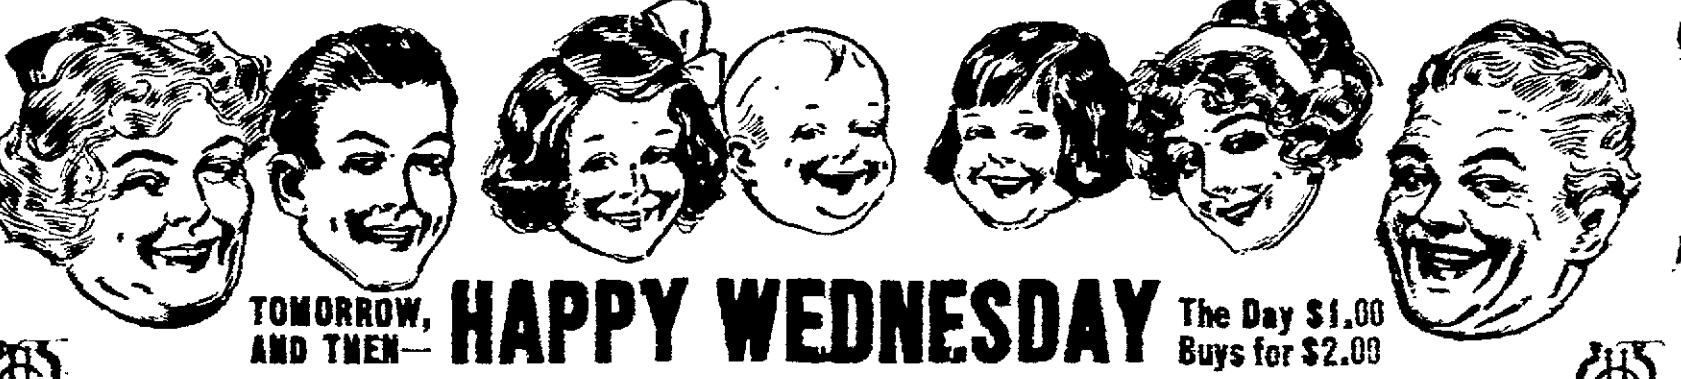

**CHILDREN'S PART.**

Japanese school children residing in San Francisco and vicinity, dressed in the costume of Japan, will distribute cherry blossoms at the entrance of Festival Hall and sing national anthems, as the procession from the building passes down the way to the band concert in the vicinity of the Japanese gardens.

**PACIFIC ORTHODONTISTS IN ANNUAL CONVENTION**

SAN FRANCISCO, Feb. 22.—The members of the toothache were out in force today when the Pacific Coast Society of Orthodontists, following their annual convention, passed, took in the sights of the fair, for the time being the house of restoration dental decorations.

The convention, which was a brilliant success, was presided over by Dr. W. H. Bolton of Seattle. Several important lectures and papers were heard.

# Oakland 'Y' Administers First Defeat to Illinois in Five Years

## Rain Hampers Training Camps' Work as Players Assemble on Coast

### INDIANS WILL

### PLAY SEALS ON

### MARCH 22-24

Indianapolis Club Form to Be Shown Coast Fans in the Spring Series.

Pacific coast league baseball fans will get a chance to see the Chicago White Sox team in action, but also Jack Hendrick's Indianapolis team of the American association. Many of the Indianapolis team's training trip have already been completed, and looking over Hendrick's schedule of games, it is noticed that the Indians are to play two games with the San Francisco Seals on March 23 and 24, and also games with the Salt Lake City team at San Jose on March 30 to 31.

The team will leave Indianapolis on February 25, and will arrive in San Diego on March 4 where they are to do their training.

The itinerary of the trip is as follows: March 4—Arrive at San Diego.  
March 5 and 6—Venice club at San Diego.  
March 13 to 15, inclusive—Portland, champions of the Pacific coast league, at Fremont.  
March 20 to 22, inclusive—Salt Lake club at San Jose.  
March 23 and 24—San Francisco club at San Francisco.  
March 27 to 29, inclusive—Denver club at Denver.

### NOW TEXAS SWINGS INTO LINE

AUSTIN, Texas, Feb. 23.—A horse racing bill providing for racing in Texas under the pari-mutuel betting system was passed in the State Senate today and will now go before the house. Under the terms of the bill 5 per cent of all wagers placed shall go to the state, to be used to encourage breeding of fine horses in Texas.

### DAVID FULTZ! PLEASE COME TO RESCUE

An interesting situation developed in the Illinois-Missouri league it is admitted that there is not one chance in ten of the league starting the season, yet the clubs are making contracts to players under reserve as a "precautionary measure." In the meantime these players have opportunity to procure employment with other leagues, but the tactics of the Illinois-Missouri in holding claim to them blocks their deal. It is a case where the player plausibly gets the worst of it and it is not the first case of the kind.

For instance, there was the Cotton States league, which held claim to players and stalled along until about the first of May, then decided not to start. In the meantime players were tied up until it was too late to get jobs for the season, and so far as we have learned no effort has ever been made to correct such a situation. Here's a case for some David Fultz to come to the rescue of too poor luck player, who needs some far more than the athletes higher up.

### SIMPSON MAY ENTER TAVIS IN P.P.I.E. CHAMPIONSHIPS

### Greek Lightweight Is Entitled to Chance

The amateur boxing tournaments which the Panama-Pacific exposition is to stage in April and May has nothing on the list of contests that Matchmaker Tommy Simpson of the West Oakland Athletic club has made up for the benefit of the local amateur fans, who have highly appreciated his new line of things in the fight game.

It is possible, also, that Simpson will enter several of his own men in the event, and Tommy is sure that the West Oakland club colors will be well represented in the three meets.

On April 13 and 14, the far western championship meet will take place, entries open only to associations of the west. Commencing on Thursday, April 22, the boxing championships of the P. P. I. E. will be at stake and such clubs as the Olympic club, San Francisco, Multnomah, Portland, etc., will enter their members.

On Wednesday, beginning May 6 and extending to Saturday, May 8, the P. P. I. E. boxing championships open to contestants from all over the world will be held. This is the big event in which Simpson has hopes of entering several promising lads who have established amateur boxing reputations in this section.

Pete Tavis, who meets Harry Mallet, Bubbles Robinson's protegee, looks like a good enough boy to hold his own with any Greek lightweight on the amateur horizon. Tavis has won on his last two starts by decisive victories, and Simpson will know how good he really is when he stacks up against Mallet, as the latter is a dark horse and possesses a variety of punches, it is said, that will make Tavis look like a paper weight.

Tavis has been training hard in the effort to be in the best possible condition for the fight, and Simpson will be pleased to see him make short work of Mallet, and place himself in line for the gold medal which will be presented to the winner of the P. P. I. E. tourney.

Willie Byrne and Kid Luckey are also two lads who will put up a hard scrap, and furnish plenty of excitement for the local fans who invade the West Oakland institution on boxing night. Luckey is a slashing cool-headed miller who believes in making it as soon as the bell clangs, and he hardly ever lets up until the end of the round. Byrne is a local club in the past and has practically cleaned up every lad of his weight in this section.

### Azevedo Wins From Callahan

MEMPHIS, Tenn., Feb. 23.—Displaying rare coolness and skill, Joe Azevedo of Oakland, Cal., won an eight-round decision here last night from Frankie Callahan, the youngster who put away Joe Rivers recently in two rounds. The boys are lightweights. Azevedo will go from here to New York.

If he gets by with Lucky, we do not know what Willie will do for fights, for it is doubtful if the promoters will allow him to fight the 135 or 133 pounders, as he can be at his best when weighing 125 pounds.

Jack Johnson, who lately set the wits on fire by thinking when he decisively beat Jess Willard at the Wheelmen's club, a short while back is also billed to appear on Simpson's card. Johnson is to fight George Hoffman, a baker, who carries a "rise" in his repertoire of punches. George believes in making it thoroughly, and says that he is not in the game for the medal, as he has won quite a few already, for baking class. A food stuffs Johnson is a member of the stagehands' union and is one of the scrappiest Ethiopians in these parts.

Abie Henderson, former member of St. Mary's college, Oakland Technical high school, and Heide's business associate, try conclusions with Ike Forrest, an Oregon lad who won the Multnomah Athletic club title in Portland last year. Henderson lately took a decision from Johnny McNeill for in the fourth round of a previous affair, and with the extra added confidence is sure that he can do likewise to Forrest. Abie is one of the best of the local zone nature parts and would make a worthy candidate for the honor of defending this city in the P. P. I. E. meets.

Several other well matched affairs will complete the card. Matchmaker Simpson has promised the fans that all will be red hot affairs of the torrid zone nature and has stated that the fans will be on their feet continually, rooting for the winner.

### He Helped Down the Champions

George Hjelte, Oakland "Y" Gold Star, Whose Work at Center Enabled His Teammates to Defeat the Famous A. C. Squad

### POP DILLON IS AFTER REGULAR MAJOR OUTFIT

It is reported that Cap Dillon of the Angels is after either Dick Egan of the Brooklyn National league team, Arnold Hauser, former St. Louis Cardinals, or stop and Armond Marzan, the wonderful Cuban toser.

Egan, however, is the man that Dillon has his eyes on. Dillon is well known on the coast, and besides is a player with some reputation in the big leagues, he having played a wonderful game in 1912 for the Cincinnati Reds at second base. Last season Dick played in 126 games, but only hit 23. Apparently the only matter which has been bothering him is the question of salary, but it is hoped that Darnold will soon patch that difference up.

With Abstein on first, McNeill on second, either Metzger or Tannhill on third, and Egan coveting around short, the Los Angeles team will look like a regular major league outfit. Also, Hart Maggart, Rubie Ellis and Harry Walter have all seen big league days at one time or another.

### REDS SIGN LEACH.

CINCINNATI, Ohio, Feb. 23.—Manager Charles Herzog of the Cincinnati National League team who is in Pittsburgh today, notified President August Hermann of the club that he had signed Tommy Leach. The contract is for one year.

### "RUSTY" HALL RETURNS.

"Rusty" Hall, former star member of the Los Angeles pitching staff, and back, has returned to the south and has purchased a billiard parlor, with which he will go into business.

### MARTINSON JOINS ABERDEEN.

PORTLAND, Oregon, Feb. 23.—Fredrick Harbison, last year a pitcher with Seattle in the Coast league, previously with Portland, and with Cleveland, in the American league, signed yesterday with Aberdeen in the Northwestern league for the 1915 season.

### OAKLAND 'Y'

### WRESTS TITLE FROM ILLINOIS

Sensation Sprung First Night by Defeat of Visiting Champs.

The Illinois Athletic club basketball team of Chicago, undefeated for the past two weeks, lost its title last night at the hands of the Oakland Y. M. C. A. Golds at the Olympic club gymnasium. The game was fast and furious throughout, the score at half time being 18 to 10 in favor of the Y.

Oakland Y. M. C. A. basketball club 30. At no time did more than four points separate the two teams, first one team taking the lead and then the other, the men fighting desperately at all stages. The game itself gave a real comparison between the eastern and western styles of play. It has been claimed that eastern men have been playing an exceptionally rough game of ball, but this was not apparent, both teams giving clean, fast and clever exhibitions.

Interest row centers upon the Oakland Y. M. C. A. 12 winners of Olympic club Y. M. C. A. The game is scheduled for 9 p. m. on the Olympic club court, Wednesday, February 24.

George Hjelte, the well known Oakland center played a star game for the Oaks and his five field goals helped greatly in placing the Oakland high team on top. George has been playing ball for the past six or seven years or so, having been a member of the Oakland Poly high school basketball team which last year won the State prep school championship. At present, George is now coaching the Oakland Technical high team, and he is expected to coach a winning team this year.

Ed Street and Broderick seldom missed an opportunity to score and both were playing with all their old time dash and skill, being all over the court and playing side by side with their team mate, Hjelte.

Ed Penulera refereed a clean and perfect game, his decisions being received approvingly on all occasions. The teams lined up as follows:

Oakland Y. M. C. A.—Street, Wood, Broderick, Penulera, Hjelte, center; Wadell, Laughton, guards.

Illinois A. C.—Johnson, A. Pressler, forward; Cheney, center; W. Pressler, Frelinger, guards.

Oakland Y. M. C. A.—Street, Wood, Broderick, Penulera, Hjelte, center; Wadell, Laughton, guards.

Johnson 2 field goals, 6 foul goals, A. Pressler, 4 field goals; Cheney, 4 field goals; Frelinger, 2 field goals; Street, 5 field goals; Hjelte, 5 field goals, 1 foul goal; Laughton, 2 field goals.

In the first game of the evening the Whittier college five defeated the Mount Angel quintet of Oregon by the score of 25 to 18. The score at half time favored the winners by the count of 14 to 6. The lumps.

As a windup to the festivities, St. Mary's five defeated the second Olympics by the score of 50 to 34. The winners produced a real star in Alroy, who scored most of his team's points. The lumps for this game were:

St. Mary's—Moy, Carberry, forwards; Hankins, center; Frenzel, guards.

Olympics—Farrar, Hamilton, forwards; Don, center; Fried, Du Jardin, Griffiths, guards.

In this evening's matches the first Olympic team will stack up against the St. Ignace college five while the Whittier quintet will try conclusions with the Los Angeles Y. M. C. A.

### BILLY SULLIVAN TO SEEK UMP JOB

CHICAGO, Feb. 23.—William J. (Bill) Sullivan, veteran catcher of the Chicago Americans, who recently was unconditionally released, yesterday decided to apply to President Ben Johnson for a position as an umpire in the American league.

Sullivan has served the league as a player for fourteen years and is familiar with every rule of the game. He never has had any experience as a professional umpire, but has often handled exhibition games.

### The Sporting Editor Says,

Says He, About As Follows:

GRANTLAND RICE'S little paragraph to the effect that the fielding averages show that the game of baseball has greatly improved since the old days is interesting, but the figures unfortunately do not tell the story. Without considering the changes in the rules which have eliminated passed balls, wild pitches, a proportion of the wild throws of the catchers and the infielders, too in completing double plays, it must be admitted that the scoring of today is far more lenient than that of bygone days.

This leniency is urged by the rules and of course is put up to the individual judgment of scorers. In the old days if a fiddler got his hand on the ball, no matter how insecurely and no matter how difficult the play, he was charged with an error. This may have made scoring more exact science, but it was manifestly unfair and indeed was harmful to baseball in a way, because men looking for records would renege on some difficult chances.

Sit beside some oldtime ball player when he is scoring a game and you will find a reluctant to admit when it comes to deciding between hits and errors. He will remember how it was in his day and will charge up an error to the fielder, if there is the remotest chance to do so. Moreover, he will tell you that with the matts and gloves of today and the padded uniforms and outfields rolled and clipped constantly, the ball players have little excuse for making errors.

His course he is not wholly right, but he has a big argument in his favor. Lenient scoring has been a good thing for the game, and at the same time it has been a great help to some players who are that is as unreasonable as the oldtime's drastic method. No wonder the figures show a great improvement.

Dispatches from Havana, Jurez, Chihuahua and all run indicate that there is little likelihood of the William Johnson heavyweight joke being perpetrated on March 6, or any other time for that matter. Johnson is in hiding in Havana. The first class hotels have refused him accommodations and the transportation authorities don't want to sell him a ticket to Mexico. Johnson has so far failed to guarantee the negro safe passage to Jurez, and Johnson is afraid when he gets to Jurez the American authorities will start extraditing proceedings.

Jack Curley, promoter, won't stage the bout in Cuba, and says he won't use Gunner Smith as a substitute. If Curley will only call the bout off, he will be doing the public a favor for the first time in his life.

Unfavorable weather conditions have put a decided "damper" on training camp activities up and down the coast. Tyler Christian is at Pleasanton with eleven Oaks and Acorns, but they are doing little else but sitting around a hot stove and discussing prospects. Catcher Price and Pitcher Harry Sampson, the Puute, joined the colors yesterday, after the Newark Pitchers Bord and Prough. There will be nothing doing until Old Sol gets to Pleasanton.

The Seals appear to have signed up a good man in Charles E. Smith, a right hand pitcher, for three years with the Cubs and Acorns, but they are doing little else but sitting around a hot stove and discussing prospects. Catcher Price and Pitcher Harry Sampson, the Puute, joined the colors yesterday, after the Newark Pitchers Bord and Prough. There will be nothing doing until Old Sol gets to Pleasanton.

## SIX MILLIONS IN OIL KING'S GIFTS

Rockefeller Foundation Re-  
ports on Activities; Many  
Charities Aided.

NEW YORK, Feb. 22.—Just \$6,357,598.84 was contributed or pledged by the Rockefeller Foundation between its establishment in March, 1914, and February 1, 1915, according to a statement that has been filed with the United States Commission on Industrial Relations here.

Of this sum \$2,225,750—or practically one-half—represents the personal charities of John D. Rockefeller Sr., the author of the foundation having reserved in his letter of gift the right to disburse \$2,000,000 a year from the corporation's income according to the dictates of his own will.

The war in Europe brought contributions of \$1,625,612.4 from the officers of the foundation, the principal item being \$700,000 for food supplies for starving Belgians. Colleges, Y. M. C. A. projects, medical research and investigation, the Red Cross, organized charities and welfare work of various kinds were the other beneficiaries.

The statement was drawn up in response to a request made by the Industrial Relations Commission at its recent investigation in New York of the Rockefeller, Carnegie and other foundations.

The document was made public by the Rockefeller Foundation offices at 61 Broadway.

The latest single item in the second section of the statement was \$750,000 pledged to Wellesley College on condition that the institution raise the balance of a fund of \$2,000,000 for buildings and endowments. Next in rank was a gift of \$500,000 to the annual foreign mission conference of North America for use in carrying out a plan to co-ordinate the work of "the principal American mission boards." The widow's pension movement of the New York Association for Improving the Condition of the Poor, was pledged \$200,000 a year for ten years, the American Academy in Rome half that amount and the American Red Cross \$100,000 toward the District of Columbia memorial to the work of women in the Civil War.

The Bureau of Municipal Research of New York city was twice presented with funds, receiving \$20,000 in May toward its current expenses and \$10,000 in October to provide for "studies preparatory to the state constitutional convention in 1915."

The Public Education Association was the next recipient of Mr. Rockefeller's bounty, receiving a conditional gift of \$25,000 on May 15. The laymen's missionary movement was given \$5000 May 14 and the National Child Labor Committee \$1500 and the Cleveland School of Art \$700 the next day. There were no other contributions in May.

The big gift to the Rockefeller Institute for Medical Research came June 24. Other donations that month included \$2000 to the George Junior Republic, \$200 to the girls' branch of the Public School Athletic League of New York, and \$9700 to church and charity projects.

January, the last month covered by the report, saw \$34,050 given away. Of this amount \$36,000 was sent to the American Baptist Foreign Mission Society to aid in wiping out a deficit of that organization. The other gifts were: \$2500 to a fund to provide cooking utensils and food in New York public schools; \$1000 to the "Travelers' aid" fund; \$500 to the Tarrytown Y. M. C. A. and \$50 to the Working Women's Protective Association.

## PHYSICIAN WARS WITH STEPMOTHER

Dr. B. Kaufman Seeks Legal  
Redress for Alleged Libels  
and Slanders.

MARYSVILLE, Feb. 22.—Activity on the part of his stepmother, Mrs. Minnie Kaufman, of San Francisco, in circulating reports and letters detrimental to his character, are the allegations made by Dr. B. Kaufman, a leading physician of this city, and it appears probable that the outcome will be a lawsuit in which the entire matter will be aired in court. The young physician has held a consultation with his attorney regarding the steps he can take to meet and refute certain charges made against him by his stepmother, who, he alleges, has through open letters and otherwise circulated or caused to be circulated a report to the effect that he is in debt to a brother for money loaned him to pay his way through college. Dr. Kaufman alleges that for the past two years Mrs. Kaufman has persisted in annoying him in a way tending to reflect upon his reputation. For a time, he claims, she contented herself with sending anonymous letters and post cards to him, in which she made the statement that he is in debt to a younger brother in the sum of \$500 for money advanced him during his college days. Dr. Kaufman denies the debt and says he has always regarded his stepmother's demands as extortion or blackmail.

Last week Mrs. Kaufman came to this city accompanied by a lad about six years of age, who, she claims, is the brother of Dr. Kaufman. Since that time, according to the physician, she has annoyed him so that he was forced to request the assistance of the chief of police. Dr. Kaufman further alleges that his stepmother has accused him openly on the streets of theft and that she has urged the boy to do the same, and that she has spread libelous letters about him in the residence districts of Marysville.

The doctor is undecided whether to bring a civil or a criminal action against the woman, but states that he will take definite steps within a few days. In the meantime the doctor's house and office here are under police guard. The physician has taken up the matter with the postal authorities, and thinks it possible the government may take action in the premises.

WOMAN FREED AND ARRESTED.  
SAN FRANCISCO, Feb. 22.—Last week Mamie Gardner emerged from San Quentin penitentiary after serving a long term for grand larceny. Today she was picked up again on the same charge on the complaint of Bertram A. Cole, of Mountain View. He says she took \$2 from him.

## SWISS ANILINE DYES TO FILL ENGLISH NEED

By Associated Press.  
LONDON, Feb. 22.—In discussing the efforts which the government has been making to obtain supplies of aniline dyes in place of those formerly procured from Germany, Walter Runciman, president of the board of trade, said in the House of Commons yesterday that the stock of dyes in England had run so low that a large group of industries dependent upon them would be interfered with seriously unless emergency measures were adopted. He stated that the government had made arrangements for forwarding supplies of raw materials to certain Swiss manufacturers, who were to return finished dyes for them.
